

PHANUWIT KITTIRONG

SENIOR FRONT-END DEVELOPER

linkedin.com/in/phanuwit13 | 084-268-3954 | big.phanuwit@gmail.com

PROFILE SUMMARY

A skilled Senior Front-End Developer with 5+ years of experience building scalable, high-performance web applications using React.js, TypeScript, and Next.js. Proven track record of leading development teams, architecting efficient solutions, and mentoring as a Full-Stack Instructor. Focused on writing clean, maintainable code to deliver robust frontend architecture.

TECHNICAL SKILL

- Frontend** : React.js, Next.js, Vue.js, Nuxt.js, Svelte, Angular, TypeScript, JavaScript, Tailwind CSS
- State Management & Data Fetching** : Zustand, Redux Toolkit, TanStack Ecosystem (Router, Query, Form)
- Backend & APIs** : Node.js, Nest.js, Express.js, ElysiaJS, Go (Golang)
- Database & ORM** : PostgreSQL, MySQL, Prisma, Drizzle
- Architecture & Tools** : Hexagonal Architecture, Docker, Git, Zod, Jest

WORK EXPERIENCE

Senior Front-End Web Developer 7solutions Company Limited

July, 2024 - Present

Product Context: Diverse enterprise applications including e-commerce platforms (ticketing & insurance), Property Management Systems (PMS), and back-office systems for dating and event apps.

- Led the development of scalable front-end architecture from scratch utilizing React, TypeScript, and Next.js, ensuring highly maintainable long-term solutions.
- Implemented comprehensive unit testing with Jest, successfully establishing high code reliability and effectively minimizing post-launch defects.
- Collaborated directly with cross-functional teams to design and implement features, ensuring a seamless user experience and successful on-time delivery of core product modules.

Full-Stack Development Instructor WeStride (Thailand)

May, 2022 - Present

- Provide expert guidance and mentorship to students in front-end development, focusing on HTML, CSS, JavaScript, and React.js.
- Deliver high-quality content and support, ensuring students successfully build functional portfolios and deeply understand web development best practices.

WORK EXPERIENCE

Senior Software Engineer

August, 2023 – July, 2024

Big C Supercenter Public Company Limited

Product Context: Enterprise platforms including a B2B medical representative CRM, a branch campaign manager, and a retail planogram compliance system.

- Architected scalable web applications using Next.js, React.js, TypeScript, and Spring Boot.
- Led code reviews to enforce coding standards, effectively managing and reducing technical debt.
- Mentored junior developers to accelerate their onboarding and strengthen overall team capabilities.

Front-End Developer

October, 2022 – August, 2023

HarmonyX Solution Co., Ltd.

Product Context: Custom enterprise e-commerce platforms and CMS solutions for prominent brands like IT City and Jim Thompson.

- Developed responsive, high-performance components tailored for complex data rendering.
- Collaborated with design and back-end teams to ensure seamless API integration and stable performance.
- Delivered core functionalities that directly enhanced user experience and customer engagement.

Front-End Developer

April, 2021 – October, 2022

Chomchobgroup Co., Ltd.

Product Context: Web shopping platforms, NFT ticket sales, crypto exchange platforms, and redeem point systems.

- Developed interactive, user-friendly interfaces with React.js end-to-end, contributing to highly active user platforms and smooth, secure transaction flows.

EDUCATION

Bachelor of Computer Engineering

May 2017 – March 2021

Rajamangala University of Technology Isan

- GPA: 3.7 (Second Class Honors)
- Graduated with a Bachelor's degree in Computer Engineering, specializing in OOP, Machine Learning, Computer Vision, Data Structures, and Web Programming.

AWARDS & ACHIEVEMENTS

- Awarded First Runner-up in the Rajamangala Engineering Academic Competition for a project on IoT applications for engineers.
